

OTUMUHEKE STREAM ECOLOGICAL AND CULTURAL ENHANCEMENT PROJECT

SITE WALK THROUGH 2

View leading down to the new bridge

Note bridge has been set back from the rivers edge to open up the best soaking area

View crossing the bridge

Note the 1.8m high palisade fence and realigned pathway which has been set back from the rivers edge

View of the ice cream coffee kiosk

Note the realigned pathway past the kiosk and away from the rivers edge creating more recreational space alongside the river
