4.1 DRAFT SPEED MANAGEMENT PLAN - SUBMISSION

Author: Libby O'Brien, Community Engagement and Development Manager

Authorised by: Julie Gardyne, Deputy Chief Executive Officer

PURPOSE

To take the opportunity to make a submission on Taupō District Council's draft Speed Management Plan.

DISCUSSION

We want everyone who calls Taupō District home and visitors who pass through to be safe when using our streets and roads. That means we need the right speeds on the right roads for all road users, whether you are walking to the shops, biking to school, driving to work or making deliveries.

The government has identified speed management as a key priority to address road safety across the country through the Road to Zero strategy. Taupō District Council is responsible for setting speed limits on roads under its control to ensure they are safe and appropriate. We are working with Waka Kotahi (the New Zealand Transport Agency) to introduce a Speed Management Plan for the roads across our District.

In 2021 it was indicated to the Taupō East Rural Representative Group that Council had begun the process of creating a speed management plan to review speed limits and to make our roads safer for all users. Since then, a draft speed management has been developed and the Group received information about this at the last meeting on 3 March 2022.

A draft submission is attached.

CONCLUSION

It is recommended that the Taupō East Rural Representative Group makes a submission.

RECOMMENDATION(S)

1. That the Taupō East Rural Representative Group makes a submission on the draft Speed Management Plan which includes the following key points:
 - Approach to Speed limits and the prioritisation
 - Speed limit changes within Wairakei Village
 - Speed limit changes to the high-risk rural roads
2. That the Taupō East Rural Representative Group delegates authority to its Deputy Chairperson to sign the final submission and lodge it prior to close of submissions.
