CARRIED**5.2 2021/22 ANNUAL REPORT UPDATE**

The Finance Manager summarised the information provided on the agenda, explaining the reasons for delays to the audit of Taupō District Council's Annual Report 2021/22.

The Chairperson invited Audit New Zealand Director, Mr Leon Pieterse to address the Committee. Mr Pieterse advised that the intention was to issue an audit opinion on the Annual Report 2021/22 in time for the Council meeting scheduled to be held on 27 April 2023.

In answer to a question, the Finance Manager confirmed that the Annual Reports of Council's Council Controlled Trading Organisation (Taupō Airport Authority) and its Council Controlled Organisation (Destination (Great) Lake Taupō) had been signed off by an independent auditor prior to Christmas 2022.

Members discussed potential consequences of not meeting the legislative deadline for adoption of Council's Annual Report. It was noted that about 30 local authorities had not met the 31 December 2022 deadline, so Taupō District Council was not alone. Mr Pieterse encouraged management to consider whether the breach had any impact on banking covenants.

The Chairperson asked the Audit New Zealand representatives to provide an audit plan for the current financial year as soon as possible and ideally prior to the end of April. Mr Pieterse agreed that it was the Auditor-General's expectation that the audit programme for local authorities should be back on track to clear all councils' audits by 31 October 2023. He added that a new auditor had been assigned to oversee Taupō District Council's audit and that person would attend the June Risk & Assurance Committee meeting.

It was noted that an extraordinary Risk & Assurance Committee meeting would be required in April or May and the Chairperson requested the audit plan be provided for consideration at that meeting.

In answer to a question, Mr Pieterse advised that no new issues had arisen to date during the current audit.

RACC202303/04 RESOLUTION

Moved: Cr Danny Loughlin
Seconded: Cr Anna Park

That the Risk & Assurance Committee receives the update on the 2021/22 Annual Report and notes the requirement for an extraordinary Risk and Assurance Committee meeting to be held in April or May 2023.

CARRIED

5.3 ANNUAL PLAN 2023/24 UPDATE

The Senior Policy Advisor summarised the update provided on the agenda.

In answer to questions, the General Manager Finance and Environment advised that:

- The 8-15% proposed deferral of funding of depreciation was considered financially prudent in the current climate and other councils were considering a similar approach. The risks had been well highlighted. The 'peak' would be smoothed out in future when inflation falls.
- Officers had already approached the Department of Internal Affairs (DIA) to test whether the proposed approach for consultation would be acceptable. DIA staff had indicated that approval for two points would likely be forthcoming.
- The risk was not currently noted on Council's Risk Register.
- This was a balancing process, because community buy-in was important.

Members discussed the Annual Plan 2023/24 project and the following points were noted:

- Although delivery of the Annual Plan was not on the Risk Register, legal compliance was identified as a strategic risk. In this instance the risk would not elevate to strategic unless Council was acting imprudently, against advice received.
- The key risks were timing and delivery.

In answer to further questions, the Senior Policy Advisor advised that the project team was strong and the Executive Team supportive. Although difficult, good progress was being made and a draft Consultation Document was ready to be workshoped with Elected Members the following week.

The General Manager Finance and Environment also advised that the risk around producing financials in TechOne was related more to the time it was taking to run calculations, rather than the quality of the numbers. Officers were trying to meet targets and timeframes, but it was certainly challenging.

The Senior Policy Advisor answered final questions as follows: The draft Consultation Document included two key issues for community input, being the proposal to partially non-fund depreciation; and the capital programme including additional capital expenditure to support Council's housing strategy.

RACC202303/05 RESOLUTION

Moved: Mr Anthony Byett

Seconded: Cr Rachel Shepherd

That the Risk & Assurance Committee receives the Annual Plan 2022/2023 Update.

CARRIED

5.4 OUTSTANDING AUDIT MANAGEMENT REPORT MATTERS - FEBRUARY 2023

The Finance Manager advised that of the 26 Audit New Zealand recommendations, 15 were from previous years and 11 were new. 16 had been addressed by management, with 10 still progressing.

Cr Duncan Campbell left the meeting at this point (10.00am).

The Chairperson expressed the view that 26 outstanding matters was too many and hoped that a good number would be resolved in the course of the audit. He suggested management include all relevant explanations and updates in responses to provide assurance to the Committee, for example the 'wastewater fault response timetables' update should include reference to the system overhauls taking place, particularly as there was a risk that the process may not transfer as part of the 'three waters' reform underway.

The Chairperson added that the Committee required assurance of effectiveness of controls, including via the audit management report, but also external audit reports on various Council activities and how they would be used for business improvement, for example IANZ review of Council's building consent accreditation.

RACC202303/06 RESOLUTION

Moved: Cr Anna Park
Seconded: Mr Anthony Byett

That the Risk & Assurance Committee receives the report on Outstanding Audit Management Report Matters.

CARRIED

5.5 TAUPŌ DISTRICT COUNCIL PERFORMANCE REPORT - JANUARY 2023

The Chairperson confirmed that it was valuable to receive the information contained in the performance report, which had also been included on the 28 February 2023 Council meeting agenda.

The Deputy Chief Executive and the General Manager Finance and Environment both referred to the capital works programme delivery risk, with work to address that underway as a priority for the Executive Team.

Members discussed climate change risks, in light of the recent destruction caused by Cyclone Gabrielle. Councils around the country would need to consider risks resulting from climate change, and build into Long-term Plans.

RACC202303/07 RESOLUTION

Moved: Mr Bruce Robertson
Seconded: Cr Danny Loughlin

That the Risk & Assurance Committee notes the information contained in the Performance Report for the month of January 2023.

CARRIED

5.6 SIX-MONTHLY REVIEW OF SENSITIVE EXPENDITURE

In response to a question, the Risk Manager advised that the Sensitive Expenditure Policy had clear guidelines for assessment of "reasonable" expenditure. The General Manager Finance and Environment added that an example of a proactive business improvement process underway was the travel management system, with officers identifying areas to save money going forward.

The Chairperson asked for future reports to be signed as evidence of control.

RACC202303/08 RESOLUTION

Moved: Cr Danny Loughlin
Seconded: Cr Anna Park

That the Risk & Assurance Committee receives the Sensitive Expenditure Report for the six-month period 1 July 2022 – 31 December 2022.

CARRIED

5.7 STRATEGIC RISK REGISTER UPDATE

The Risk Manager summarised the report. In answer to a question, he advised that he had confirmed with subject matter experts that controls were in place, but could not comment on the effectiveness of those controls. The Committee Chairperson suggested that internal audit and assurance work should be commenced to ensure controls are operating as they should, and that outcomes of that ongoing internal work should be reported to the Risk & Assurance Committee.

The Chairperson queried whether Taupō District Council had considered identifying relationship with Māori/Iwi as a separate strategic risk. Cr Danny Loughlin advised that he had received some messages suggesting that it would be beneficial to examine this more closely, because some issues are of particular interest to the Māori community. The Deputy Chief Executive added that Council's strategic priorities include co-governance relationships, but this was not equally highlighted in the Risk Register.

Members requested a workshop to enable a discussion about Council's Strategic Risk Register.

RACC202303/09 RESOLUTION

Moved: Cr Rachel Shepherd

Seconded: Cr Danny Loughlin

That the Risk & Assurance Committee receives the Strategic Risk Register update.

CARRIED

5.8 SCHEDULE OF POLICIES FOR REVIEW, REPORTING AND AUDIT 2023

The Risk Manager advised that the list provided was a starting point to indicate what had already been scheduled. The Legal, Risk and Governance Manager added that devising a Committee work plan would be a separate piece of work to come.

The Chairperson requested a litigation report come to the Committee at least every six months.

Independent member Mr Anthony Byett asked for an update on insurance. It was agreed that the insurance renewal programme should be added to the Committee's work plan for updates in due course, both pre-placement and post-placement.

RACC202303/10 RESOLUTION

Moved: Mr Bruce Robertson

Seconded: Cr Anna Park

That the Risk & Assurance Committee receives the Schedule of Policies for Review, Reporting and Audit 2023.

MARCH 2023

ACTING CEO'S COMMENTARY

It is difficult to think that summer is over, and we are already seeing the leaves change colour as we step into Autumn. Although the season has changed, we are still heavily reminded of the destruction Cyclone Gabrielle brought to us and our country at the end of summer.

The Taupo District community displayed great generosity through donating to the Mayoral Relief Fund to help out after the cyclone. More than \$16,000 was raised from the community which was provided to the Wairoa District towards a playground that was damaged by the cyclone. Looking out for one another is what we as kiwis do best and I want to thank everyone that donated through the Mayoral Fund or contributed in some way to support those impacted from the Cyclone.

That aside, as a district we had some awesome achievements in March including, on the first day of the month, the inaugural meeting of the newly established Tūrangi Co-Governance Committee, created by Mana Whakahono partners Ngati Tūrangitukua and Taupo District Council. This new partnership replaced the Tūrangi-Tongariro Community Board which was disestablished in October last year. The new Co-Governance Committee is now responsible for overseeing the implementation of the agreement created, as well as considering a range of community matters in Tūrangi.

Another fantastic achievement we saw in March was the completion of the Taupo Town Centre Transformation project. Both this and the new Airport terminal were blessed and opened by local hapū and then officially opened by the Prime Minister Chris Hipkins and the Hon Kiritapu Allen. While the formal opening providing a chance to celebrate as a district, it was also a chance to recognise the hard work and dedication from everyone that went into their success. We think of the Airport Terminal as the face of our rohe, it is what many visitors first see when they arrive in Taupo, so we want it to be as welcoming as possible. This connects with the town centre which represents the heart, where we want everyone to feel connected and engaged with people, the land, and our environment. Taupo tells a story, and we can now easily share that story with visitors from far and wide with the completion of these transformational projects.

Continuing on our achievement list, the Draft Annual Plan went out for consultation in March with the community being asked for feedback, on what is described in the document, as tough decisions. The key theme in the Plan is that the economy has changed significantly since budgets for 2023/24 were set in the Long-term Plan. These changes have a direct impact on what Council can deliver and at what cost. There are now a range of opportunities for the community to talk directly with elected members and staff about the Plan, or to make submissions before these close on 28 April. The same applies to our District Plan, which is now open for further submissions. This process allows submitters to view the original submissions to the District Plan and support or oppose them.

Finally, I of course I also wish to acknowledge the passing of former mayor Joan Williamson. Joan served our district as Mayor from 1989 - 2001, even after she stood down from the role, she continued her service to the district and was involved in many clubs, community groups and service organisations. She was a decisive mayor who led her team of councillors effectively and was well-loved and respected in the community. She will be missed by many far and wide, a great women with a great heart.
