## **5.2 TAUPŌ / TAUPŌ EAST RURAL COMMUNITY GRANT 2022/23**

The Senior Funding and Partnerships Advisor introduced herself to the members of the Committee and outlined her role.

She clarified that the accountability process of each application asked the applicant to provide receipts and evidence of how funding had been spent. This information had to be received before their application could be considered. Groups were given a one year timeframe from when they were paid to account for the spending. Alternatively, once all of the funding was spent, there was a one month timeframe for accounting to be completed and an accountability report produced.

Council was focussing on communications of community grants which included media releases highlighting groups which had received funding. By sharing these stories with the wider community, it was hoped that other groups would think sooner about applying for grants. Communications would be increased and more information provided to Elected Members to promote funding options to the wider community. This included refreshing the information provided on the website and using a dedicated funding email address so that requests could go to the appropriate person.

A tool kit was also being developed for community groups to support them and included a funding narrative template so they could show why they needed funding and what they hoped to achieve. In addition, a fund plan template would assist with forward planning for funding for the next one to two years and encourage groups to think longer term.

In answer to a question, the Senior Funding and Partnerships Advisor confirmed that she worked alongside the two Community Development Advisors, and the Southern and Northern Lake Taupō Engagement Advisors to promote Generosity New Zealand. This was a database which held funding information across all of New Zealand and allowed groups to filter information to find available grants. The two Community Development Advisors worked closely with those starting up, ensuring they were supported in the right way. The Community Engagement and Development Manager added that by offering this support, it was planned that groups would become more sustainable in their approach to funding.

The Senior Funding and Partnerships Advisor advised that the other part of her role was to work with Long-term Plan (LTP) processes and look at what funding Council could receive through external funding. The Community Engagement and Development Manager added that by taking a proactive approach to funding for LTP projects, funding could be accessed in advance.

The members agreed that it was great that this role was empowering for the community, gave a long term approach and worked to make these groups sustainable.

The Senior Funding and Partnerships Advisor confirmed that this grant was just for the Taupō and Taupō East Rural wards. In contrast to all other grants it had been undersubscribed. She confirmed that remaining funding not allocated could be rolled over to the next meeting in 2024 but not after that because Council would be sitting in a new Long-term Plan period.

The Senior Funding and Partnerships Advisor advised that one of the applications received was not eligible to receive funding because it was for a retrospective request. This was for the Fire Alarm repair at the Rangitaiki Community Hall & School Association. In this case, the team had made contact with Pāmu Farms of New Zealand and were going to connect the applicant with this organisation who had requested more information.

The remaining three applications were summarised.

	<b>Applicant</b>	<b>Funds requested for...</b>	<b>Deliberation</b>
1	Wairakei Primary School	To purchase additional book shelving units for the school student library.	The library costs were not covered by the Ministry of Education. It was noted that only a portion of the funding required had been applied for showing that Wairakei Primary School were approaching other funders as well. The Committee supported this application in full.

2	Taupō Model Railway Club Inc.	Operational Costs to assist in running the Taupō Model Railway Club.	The Senior Funding and Partnerships Advisor had provided some statements to the Committee members to demonstrate the applicant's operational costs. She and the Community Development Advisor had met with the applicant to connect them to other hobby groups. It was noted that the application for funding included covering the cost for insurance which did not fit the criteria. The Committee supported the application less the insurance costs of \$2,400.00.
3	Rangitaiki Community Hall & School Association	Fire Alarm repair	The Committee asked that a letter be sent to the applicant showing support and appreciation for what Rangitaiki Community Hall & School Association is doing in the rural community and explaining why the funding was declined.
4	Taupō Community Playgroup	To provide outdoor seating and eating areas	It was noted that the applicant did not qualify for Ministry of Education funding because it was led by parents and did not have qualified teachers on its staff. Many parents involved in this organisation went on to be part of school board of trustees or similar in the future so it was important to support this group.

**TTER202305/04 RESOLUTION**

## NGĀ HĪRAUNGA | CONSIDERATIONS

### Ngā Aronga Pūtea | Financial Considerations

The Taupō/Taupō East Rural fund is \$20,000.00 per annum excluding GST. The fund has one funding round of \$20,000.00 each year. There are \$11,754 of unspent funds from the 2023 allocation round that are carried over for allocation during the May 2024 distribution meeting. This expenditure is currently budgeted for under the 2023/24 Annual Plan.

### Ngā Aronga Ture | Legal Considerations

#### Local Government Act 2002

The matter comes within scope of the Council's lawful powers, including satisfying the purpose statement of [Section 10](#) of the Local Government Act 2002. Section 10 states that the purpose of local government is (a) to enable democratic local decision-making and action by, and on behalf of, communities; and (b) to promote the social, economic, environmental, and cultural well-being of communities in the present and for the future. It is considered that social and cultural well-being are of relevance to this particular matter.

There are no known legal implications.

### Ngā Hīraunga Kaupapa Here | Policy Implications

Applications and decisions must be consistent with the Grants and Partnerships Policy.

### Te Kōrero tahi ki te Māori | Māori Engagement

Taupō District Council is committed to meeting its statutory Tiriti O Waitangi obligations and acknowledges partnership as the basis of Te Tiriti. Council has a responsibility to act reasonably and in good faith to reflect the partnership relationship, and to give effect to the principles of Te Tiriti. These principles include but are not limited to the protection of Māori rights, enabling Māori participation in Council processes and having rangatiratanga over tāonga.

Our statutory obligations outline our duties to engage with Māori and enable participation in Council processes. Alongside this, we recognise the need to work side by side with the ahi kaa/resident iwi of our district. Engagement may not always be required by law, however meaningful engagement with Māori allows Council to demonstrate good faith and our commitment to working together as partners across our district.

As part of the wider engagement with the community on this community grant, iwi and hapū were contacted to ensure they were aware of the grants and how whanau, hapū and iwi could apply.

### **Ngā Tūraru | Risks**

There are no significant risks. Any risks are managed in adherence to the Grants and Partnerships Policy.

### **TE HIRANGA O TE WHAKATAU, TE TONO RĀNEI | SIGNIFICANCE OF THE DECISION OR PROPOSAL**

Council's Significance and Engagement Policy identifies matters to be taken into account when assessing the degree of significance of proposals and decisions.

Officers have undertaken an assessment of the matters in the [Significance and Engagement Policy \(2022\)](#), and are of the opinion that the proposal under consideration is of a low degree of significance.

### **TE KŌRERO TAHI | ENGAGEMENT**

Taking into consideration the above assessment, that the decision is of a low degree of significance. Officers are of the opinion that no further engagement is required prior to making a decision as engagement was undertaken to invite applications.

### **TE WHAKAWHITI KŌRERO PĀPAHO | COMMUNICATION/MEDIA**

Public notification requesting applications by the closing date of 12 April 2024, was advertised through:

- Facebook
- Taupō District Council website
- Connect Weekly Newsletter
- Email to Past Recipients

All applicants will receive an update on the outcome of their application via email and our online platform. Applicants who receive a declined decision will also receive rationale for the decision. Details of allocations to grant recipients will be posted on Council's website.

### **WHAKAKAPINGA | CONCLUSION**

The Taupō/Taupō East Rural Community Grant Distribution Committee has \$31,754.00 excluding GST in the Taupō/Taupō East Rural fund available to allocate for the first round of the 2023/24 financial year. Funding can be allocated to individuals, community groups and/or organisations. Allocations must be made in accordance with the Grants and Partnerships Policy. The representative group retains discretion as to whether to allocate any funds.

## **Taupō District Council Community Grant Allocation Guide**

This document is designed to support your committee in making informed decisions when allocating funding through Taupō District Council's (TDC) Community Grants.

This document has been provided to all allocation committees, some of which are all new or have new members – to outline the criteria, and support TDCs expectation of grants being distributed in a transparent, fair, equitable, efficient and consistent manner.

### **Background**

TDC has six different ratepayer funded community grants. These opportunities support organisations and individuals in gaining financial support for a wide range of activities, projects and events across the district.

\$280,000 per annum, across six different ratepayer funded community grants.

Distributed by TDC committees, community boards or community groups.

Mangakino Pouakani  
Tūrangi Tongariro  
Taupō/ Taupō East Rural  
Creative Taupō  
Community Sports  
Social Services

Grants are distributed by six distribution committees in line with the TDC's Grants and Partnerships Policy. All distribution committees are voluntary, with current distribution agreements in place until 30 June 2024.

<b>Grant</b>	<b>Annual Allocation</b>	<b>Distributor</b>
Mangakino Pouakani	\$25,000	Mangakino Pouakani Representative Group
Tūrangi Tongariro	\$65,000	Tūrangi Tongariro Community Grant Distribution Committee
Taupō and Taupō East Rural	\$20,000	Taupō and Taupō East Rural Community Grant Distribution Committee
Creative Taupō	\$30,000	Creative Taupō Committee
Social Services	\$100,000	Waioara Trust
Community Sports	\$40,000	Lake Taupō Sports Advisory Council

September 2023

### **What is the process?**

- > Grant opening and closing dates are advertised on TDC's website (taupo.govt.nz/grants), through social media and in TDC newsletters. We encourage committee members to promote grants through their networks also.
- > Where funds are distributed by a TDC Committee- a covering paper, applications, and a summary sheet of applications will be sent through an agenda item.
- > Where funds are distributed by an independent distributor- applications and a summary sheet will be collated and shared to your committee through your admin support.
- > When setting a date to allocate funds, please remember we aim to ensure distribution takes place within 2 weeks of the grant closing.
- > At the start of committee meetings, any conflicts of interests need to be declared. We encourage groups to read a statement (example below):

*"Community grants distribution is an item on this agenda. If you are involved with any of the organisations that have requested funding, please declare this now. This ensures that we are aware of the interest(s) and that the distribution of funding occurs in a transparent and fair way. It is also important so that committee members are not perceived to be providing an advantage to an application in any way."*
- > Applicants who wish to present their application in person are entitled to do so. In these cases, the admin support will organise a speaking time for applicants prior to the date of the allocation meeting. Applicants have 5 minutes to present and are to speak only to the content in their application. The committee may ask questions.
- > TDC asks all committees to provide reasoning for declined applications. This supports groups to know what they can improve on in any future applications they make.
- > TDC will notify applicants of the outcome of their application through an online system and formal letters. It will also process all payments.
- > The admin support will assess all accountability reports and request further information if required. Applicants need to spend funding within 12 months. Each funding recipient is required to complete an accountability form within one month of the project or activity being completed.
- > If an accountability report for a previous grant has not been submitted by the allocation meeting, the application is not eligible to be considered.

### **Who can attend an allocation meeting?**

In addition to the allocation committee:

- > **The public.** Applications are to be considered in an open forum- we ask distribution groups to welcome those who wish to listen to the meeting and to ensure the room is set up with seating etc.
- > **Elected Members.** Where decisions are made by community groups, elected members who hold a relevant portfolio are also encouraged to attend allocation meetings- with non-voting rights.
- > **TDC staff.** Will be present at allocation meetings- with non-voting rights. Representatives are available for policy or eligibility queries, to provide further context, and to ensure a consistent process is upheld across the six committees.

September 2023

## **Eligibility and Criteria**

TDC's Grants and Partnerships Policy guides distribution of funding. The eligibility criteria outlines what is eligible for funding, and what is not.

<b>What can be funded?</b>	<b>What cannot be funded?</b>
Materials and Supplies	Capital Improvements to Facilities that the Group/Organisation doesn't own
Equipment and Uniforms	Food or Catering
Advertising Costs	Insurances
Venue and Equipment Hire	Subscriptions
Rent	Services or projects seeking to promote commercial, political, or religious objectives
Salaries and Wages	Costs associated with fundraising events where profits are redistributed to another group
Travel	Debt Servicing or Repayments.
Accommodation	Legal Expenses and Medical Expenses.
Operational Costs	Public services that are the responsibility of central government (e.g., core education, primary health care).
Maintenance of Equipment or Facilities	Purchase of Alcohol
	Prize Money
	Equipment and Uniforms Retained by Individual Members.

The below criteria also applies:

- > Applications must be fully completed and cannot be retrospective.
- > Community groups and individuals from within the Taupō district are eligible to apply for community grants (this includes high school students who may board outside the district).
- > Community organisations from outside the Taupō district will need to demonstrate the benefit to the local community that they are applying to.
- > Individuals living outside the Taupō district are not eligible to apply for a community grant.

September 2023

- > An applicant must advise if they are seeking or have received funding from another source and the purpose of that funding.
- > Individuals applying for a grant are required to provide evidence of the event they are attending or creating, the nature of their representative selection or event, i.e., who they are representing, how they were selected and the type of event.
- > Any unused portion of a grant must be returned to TDC.
- > Individuals are not required to attach personal financials, however, are required to attach a budget.
- > Applications will not be accepted after the advertised closing date of any funding round.
- > All applications (including any personal information supplied) for community grants are made available to TDC/committee and the public.

Thank you for your continued support and distribution of community grant funding- we appreciate the time and expertise it takes considering these applications.

**If you have questions- please reach out to TDCs community funding team at [funding@taupo.govt.nz](mailto:funding@taupo.govt.nz)**

### Applicant Summary

Grant purpose or event name:	Disc Golf for our community
Date the funds are required:	29/04/2024
Total cost of the project:	2801.00
Amount requested:	2801.00

### Funding Required

Briefly describe your project/activity that you are seeing funding for:

We are seeking funding to purchase some Disc Golf baskets for our kura, for the whole community to utilize and enjoy. Our Tamariki have participated in taster sessions with Taupo Disc Golf, as well as all of our staff have undergone training in Disc Golf, or enjoyed the local Disc Golf courses at Spa Park and Mangakino. Taupo disc Golf were generous enough to donate our kura and community 30 disc's which our Tamariki have been enjoying making up their own courses during break times, using buckets and barrels as the baskets. Our tamariki have suggested that this would be a fun, family activity to partake in, which is why we thought we'd reach out for funding so we can advertise to our rural community as somewhere local to enjoy an activity for the whole whanau.

How many will benefit from your project/activity:	60
Is your project/activity an event?	No
Who is involved in the project/activity?	All tamariki and staff at Tirohanga school and the Tirohanga community.
How will this project/activity benefit the community and fit into Council's 2021-31 Long-term Plan Goals?	<p>This activity will benefit the community, as being rural, the community doesn't have many local family friendly activities without travelling. We regularly have community using the Tirohanga Community Hall located next to our school, where we have lots of visitors come to utilize our play ground. We would love to provide another family friendly activity to the community to use at all times, particularly for those to use the hall as an extra activity. Under your Community services Long Term Plan Goals whereby it states: 'The community engagement activity involves working with our communities to ensure that they are supported and connected. Strong communities can help people to feel safe and engaged, which help to make sure the Taupō district is a great place to live.'</p> <p>This fits in perfectly with the long term plan goals, as it will work towards our community being connected through a fun sport, and being engaged with their friends and whanau doing an activity that everyone can easily enjoy.</p>

### Applicant Summary

Grant purpose or event name:	Reroofing of the Community Playgroup building and outdoor Maintenance.
Date the funds are required:	01/05/2024
Total cost of the project:	15852.90
Amount requested:	8000.00

### Funding Required

Briefly describe your project/activity that you are seeing funding for:	<p>The Taupo Community Playgroup seeks funding to replace the aging roof of our building, which serves as a vital hub for over 250 + members of the community . The project aims to ensure the safety and sustainability of our facility for years to come, supporting our ongoing operations and engagement initiatives for Taupo tamariki and their caregiving whanau.</p> <p>With these funds we aim to re-roof our building and provide some much needed Maintenance to the outdoor deck area. Our quote to re-roof has also noted some roof sagging which may require additional funds to remedy due to building works.</p>
---	--

How many will benefit from your project/activity:	250
---	-----

**Is your project/activity an event?**

No

**Who is involved in the project/activity?**

The project involves the active participation of the Taupo Community Playgroup members, parents, caregivers, and volunteers who utilize the facility on a daily basis. Additionally, local contractors and suppliers will be engaged to complete the roof replacement project.

**How will this project/activity benefit the community and fit into Council's 2021-31 Long-term Plan Goals?**

This project aligns with several key objectives outlined in the Taupo District Council's 2021-31 Long Term Plan, including:

- **Maintaining and Renewing Our Infrastructure:** By addressing the issue of aging infrastructure, specifically the roof of our playgroup building, we contribute to ensuring the longevity and functionality of essential community assets.

- **Resilient Infrastructure:** Investing in a new roof enhances the resilience of our building against potential damage and disruption caused by natural hazards and climate change impacts, thus safeguarding our ability to provide uninterrupted services to the community.

- **Community Engagement:** Our playgroup serves as a focal point for community engagement, providing a safe and supportive environment for families and caregivers. By securing funding for this project, we demonstrate our commitment to supporting and connecting with our community, in line with the council's objectives of fostering strong local neighborhoods and enabling connected and safe communities.

- **Community Outcomes:** This project contributes to the community outcomes of enhancing healthy and sustainable environments by ensuring the safety and functionality of our playgroup facility, enabling us to continue providing valuable services to families and whanau in the Taupo district. Additionally, by investing in infrastructure renewal, we support the council's goal of growing resilient economies by maintaining and improving essential community assets.

What are your main sources of funding that your organisation received e.g. contracts, subscriptions, and grants?

Our main source of funding is through the Ministry of Education this is based on members attendance throughout the year and is given to us on a bi annual basis, these funds

cover day to day operating costs and have to last us 6 months at a time. Other funding comes from membership fees which are \$60 for 6 months per family. We are open 4 mornings a week and a membership allows a family to come as often or as little as they want for very little cost. We do hire out our facilities for childrens birthday parties to the public, however with the cost of living bookings have dropped off.

### Applicant Summary

Grant purpose or event name:	Support to attend the London International Youth Science Forum
Date the funds are required:	01/06/2024
Total cost of the project:	10000.00
Amount requested:	3500.00

### Funding Required

Briefly describe your project/activity that you are seeing funding for:

Fortunately, I've been selected to attend the London International Youth Science Forum, which will be held later this year. I will be one of 500 students from 70 countries participating in the forum. This forum will not only be a once-in-a-lifetime opportunity to help grow my knowledge of science and the world around me but also be known for its cutting-edge discussions, workshops, and networking opportunities. During the 15-day forum, I will be attending lectures at Imperial College London, Oxford and Cambridge, where I will be able to listen and learn from some of the world's best scientists and academic leaders, including Nobel Prize winners.

However, attending this forum is extremely expensive. It requires financial resources beyond my means as a studying student, even with a permanent part-time job. Therefore, I am reaching out to potential sponsors who share a passion for scientific exploration, young people and investment in the next generation of innovators for support. I understand this is a big ask coming from someone you may have never heard of, but coming from a solo income household and an agricultural background, I am unable to take part in this opportunity without assistance.

Any contribution, no matter how small, would be greatly appreciated and help me reach my academic goals. I understand the value of hard work and dedication. I am more than willing to offer my skills and commitment in exchange for your generous support. I assure you your support will not go unnoticed. I will gladly provide updates on my experience at the forum and share the knowledge and insight gained. Regardless of the direction science takes me in, I would like to end up back here in New Zealand, making a difference in Kiwi's lives. If you have any questions or need more information, please do not hesitate to contact me.

<b>Is your project/activity an event?</b>	Yes
<b>Event name:</b>	London Internal Youth Science Forum
<b>Event start date:</b>	23/07/2024
<b>Who is involved in the project/activity?</b>	500 students aged 16-20 from over 72 countries from all over the world. There is about 10 of us who have been selected and offered a place at the forum from New Zealand with myself and two others coming from towns outside the major cities.
<b>How will this project/activity benefit the community and fit into Council's 2021-31 Long-term Plan Goals?</b>	It demonstrates that the local high schools have teaching resources and facilities that means kids from our area are able to academically compete with these big private school where a number of the talented kids from our community go to. By seeing that there are good schools in the area that students achieve international academic success it provides a selling point to move to the Taupo area for jobs/work, which is what Taupo need in order to keep increasing in size.

## Taupō / Taupō East Rural Community Grant Application

Reference Number: REF240411193

Submitted On: 11/04/2024 06:00 p.m.

### Application Details

### Applicant Summary

Grant purpose or event name:	We are seeking funding for an opening glass window for the new office which will open out into the main bridge room.
Date the funds are required:	31/05/2024
Total cost of the project:	2288.50
Amount requested:	2288.50

### Funding Required

Briefly describe your project/activity that you are seeing funding for:

We are renovating the toilets and office area in the bridge clubrooms. The clubrooms were built over 27 years ago and have never had any works carried out. The toilets are old and need replacing and the vinyl flooring has cracked causing hygiene and safety issues. When planning these renovations, we decided to move the office so it is connected to the main bridge playing room which will make the area more user friendly given the technology now in use, and appropriate for playing sessions and tournaments . Moving the office means the men's toilets will be moved to the current office space.

We are seeking funding in this application for an opening glass

window in the new office which will open out into the main playing room.

**How many will benefit from your project/activity:** 200

**Is your project/activity an event?**

No

**Who is involved in the project/activity?**

The bridge club committee is planning and will oversee this project. We are seeking quotes from suitable supplier to undertake the work and provide the goods as required.

**How will this project/activity benefit the community and fit into Council's 2021-31 Long-term Plan Goals?**

The Bridge Club has 200 members of which at least 100 play regularly. A significant number of our members are retired or semi retired and bridge provides intellectual stimulus as well as social connection for our members which fits in with the Council's Long Term Plan Goals of 'enabling connected and safe communities'. We have a number of regular playing members who are in their 80s and 90s. The committee is very aware of the importance of the social connection the bridge club provides - where social bridge events are held, we are also providing catering and looking to do roast meals on the Sunday monthly session during the winter.

The club rooms are well used with bridge club activities including four playing sessions (3-4 hours/session) - two during the day and two in the evening; beginner classes and supervised play for improvers each week. In addition, we have a monthly teams event and Sunday afternoon bridge from April through to October. The club also holds four tournaments a year. The clubrooms are leased to outside organisations as a fundraiser although this is minimal given the use the amount of time the rooms are being used for bridge.

**What are your main sources of funding that your organisation received e.g. contracts, subscriptions, and grants?**

The main source of funding the club receives is from subscriptions. In addition, each player pays table money per session but this largely goes to provide afternoon tea/supper. The committee is committed to upgrading the clubrooms to future proof the building and club. The cost of the total project is likely to be around \$80,000. We realise that many club members would be unable to pay increased subscription charges and so we are attempting to source the required funding from grant applications and some fundraising. We have received funding from:

NZCT - \$40,000 towards building costs and materials

Pub Charities - \$12,000 towards plumbing costs

Funding raising (plaques, raffles, donations) - \$13,700

### Funding Required

Briefly describe your project/activity that you are seeing funding for:

The Committee would like to finish off the Building of the Hall by installing Heating and Carpet in the Main Hall. Currently we cannot utilize the Hall over the Winter months as we have no Heating in the Main Hall and it still has bare Concrete Floors, if we were to be successful in our Application this would mean we can gather together more over the Winter months as a Community and also the School children could have their PE Lessons in there and utilize the Community Hall to its full potential as it is a Central Point for our Community . Unfortunately the Second Flooring Company has not got back to me so I only have been able to provide you with one Flooring Quote, I do have other Quotes from Last year but I would think they would have inflated. Also the Heating Quote is the only Company that does this Type of Heating.

<b>Is your project/activity an event?</b>	No
<b>Who is involved in the project/activity?</b>	The Committee and Community
<b>How will this project/activity benefit the community and fit into Council's 2021-31 Long-term Plan Goals?</b>	By having our Community Hall open and fit for purpose, it will enable the rural Rangitaiki community to have a place to come together for community events such as sporting nights, school events and fundraising events we will also be able to Hire it out more creating more Revenue. It will also increase our community engagement, which we have found to be ever so important post covid, living rurally. It will give those in the community a sense of belonging by having somewhere to gather or use for their own events should the need arise. We believe this fits in with your statement in the long term plan and goals of "Strong communities can help people feel safe and engaged, which helps to make sure the Taupo district is a great place to live"

Grant purpose or event name:	To purchase equipment and items for the River Road Craft Group - two weaving looms, yarn, and a set of reeds to use with one of the looms.
Date the funds are required:	21/06/2024
Total cost of the project:	898.60
Amount requested:	898.60

### Funding Required

Briefly describe your project/activity that you are seeing funding for:	Our craft group meets twice a month at the River Road Community Hall and is an opportunity for residents in our community to gather and work on craft projects. The purchasing of two looms would appreciably add to the group's resources and potential to build on craft skills, thereby utilising and sharing knowledge within the group that would enrich all of our skills. Using this equipment would be invaluable to use in forthcoming workshops for our community.

### Applicant Summary

Grant purpose or event name:	Nukuhau Marae Sports Proposal for Tūwharetoa Marae Sports Challenge
Date the funds are required:	01/06/2024
Total cost of the project:	68510.00
Amount requested:	3000.00

### Funding Required

Briefly describe your project/activity that you are seeing funding for:	<p>Our Nukuhau Marae is looking to elevate the sporting experience for whānau at the revitalized Tūwharetoa Marae Sports Challenge, previously known as Tūwharetoa Pa Wars. Now divided into two yearly events covering both summer and winter sports – it aims to foster whānaungatanga, strengthen connections within our hāpu and iwi, and encourage greater participation, all while enhancing our marae's presence within the community.</p> <p>The Tūwharetoa Marae Sports events provide a platform for teaching and reinforcing positive values such as sportsmanship, fair play, resilience, and perseverance while incorporating our Te Aō Māori values of Kotahitanga, Whanaungatanga, Manaakitanga, Kaitiakitanga, Rangatiratanga, and Te Pono me</p>
---	---

te Tika. These values together, are essential for personal development, character building and navigating today's world together.

We are seeking external funding opportunities to cover the initial set up costs for sports equipment, storage, training, and uniforms to be held by Nukuhau Marae, and to ensure the sustainability of our sports initiatives without financial strain on our Marae Trust. Overall, this project specifically aims to achieve:

- A diverse range of uniforms catering to tamariki, rangatahi, pakeke, and kaumatua, adorned with the NUKUHAU name, marae logo, and branding colours across all codes played. Ensuring the events are welcoming and accessible to individuals of all ages, abilities, and backgrounds.
- Equip our whānau with the required equipment for these sports codes – also implementing measures such as providing wheelchair access to create a more inclusive environment where everyone feels included, valued and respected.
- Provide training for our coaches and management to help ensure their safety and the health and wellbeing of all others during both practise sessions and events as well as the first aid and medical equipment needed.

This funding application is to support the immediate purchase of equipment as part of the long term goal.

**How many will benefit from your project/activity:**

1368

**Is your project/activity an event?**

Yes

**Event name:**

Tūwharetoa Marae Sports Challenge

**Event start date:**

05/10/2024

**Who is involved in the project/activity?**

The two key events of the Tūwharetoa Marae Sports Challenge take part in both summer and winter – each with different sports codes to reflect the season played. I have broken those involved into two specific groups those involved in the overall event and then those specifically involved in this project:

- Nga Reiha o Tūwharetoa – the roopu charged with organising the two events each year.
- The 26 marae from around Tūwharetoa rohe, their hapū, and whānau who attend these events annually.
- The many financial funders who contribute towards the events ongoing success including Taupō District Council.
- Our Nukuhau Marae Trustees who shoulder the significant responsibilities of the well-being and sustainability of our marae, tikanga, history, stories, and people. Charged with upholding our values of kaitiakitanga and manaakitanga, they will hold financial oversight ensuring transparency and accountability in all financial matters, and make sound decisions that align with the aspirations of our whānau.
- Our dedicated Nukuhau Marae Sports Committee, who bring the moemoea of our marae's sporting goals to reality by overseeing the planning, seeking funding opportunities,

encouraging involvement, collating data, managing the procurement of essential equipment and uniforms, and leading as sports coordinators to ensure all those involved are empowered through sports.

- And lastly all of our whānau represented by the number 1368 shown above in how many will benefit – this reflects all those registered to our hāpu Ngāti Rauhōto and Ngāti Te Urūnga of Nukuhau Marae currently registered with the Tūwharetoa Māori Trust Board, as of March 31st 2024, located in either Taupō or Tūrangi who can attend either of these events held local to them. Whether they are kaimahi, participants, cheerleaders, or advocates.

**How will this project/activity benefit the community and fit into Council's 2021-31 Long-term Plan Goals?**

This project has the potential to benefit our greater Taupō District Council community in numerous ways, aligning closely with the long-term goals such as:

1. **\*\*Enhance Community Engagement and Well-being in a Healthy and Sustainable Environment:\*\***

By organizing both summer and winter sports events in both Tūrangi and Taupō, the initiative fosters Whānaungatanga (relationship building) and by engaging in physical activity together, whānau promote healthy lifestyles and habits. Our tamariki learn by example and are more likely to adopt active lifestyles when they see their parents and older family members (pakeke) being active and enjoying sports. This directly supports the local council's goals of enhancing community cohesion and well-being as well as enabling connected and safer communities.

2. **\*\*Māori Cultural Preservation and Promotion:\*\*** Through the incorporation of the NUKUHAU name, Nukuhau Marae logo, and branding colours on sports uniforms and equipment, the initiative serves as a platform for cultural expression and pride. It helps preserve and promote the cultural identity or mana of our Nukuhau Marae.

3. **\*\*Economic Development and Growing Resilient Economies:\*\*** Relying initially on external funding for our set up, our long term plan attached shows how we aim to rotate equipment and uniform over time to ensure this project is sustainable moving forward. We hope to generate revenue through the sale of branded replica Nukuhau Marae merchandise to support this. We also hope to attract those whānau who whakapapa to our marae but do not live locally as the events grow and their participation would help contribute to the economic development within the community by supporting local businesses, this indirectly supports the council's efforts to stimulate economic growth and sustainability.

4. **\*\*Youth Empowerment and Leadership:\*\*** The involvement of Tamariki and Rangatahi in sports activities not only promotes physical health but also instils important values such as teamwork, discipline, and leadership. For those youth involved in our Sports Committee it also allows these individuals to develop crucial interpersonal skills such as communication and cooperation. These skills are essential not only in sports but also in various aspects of life. Assigning responsible individuals for each sporting code provides opportunities for youth leadership and development, aligning with the council's focus on youth empowerment and engagement.

5. **\*\*Partnership and Collaboration:\*\*** Seeking external funding from various organizations demonstrates a commitment to collaboration and partnership, which are key pillars throughout the council's long-term plan. By leveraging external resources, the initiative maximizes its impact and sustainability while minimizing the financial burden on the Marae Trust. Through strategic planning, collaboration, and a commitment to community well-being, this initiative serves as a model for inclusive and sustainable community development initiatives.

### Applicant Summary

Grant purpose or event name:	Taupo Car Seat Service
Date the funds are required:	21/04/2024
Total cost of the project:	25050.00
Amount requested:	25000.00

### Funding Required

Briefly describe your project/activity that you are seeing funding for:

Taupo Parents' Centre Car Seat service is a well-sought after service, used weekly by numerous people.

We would love to be able to keep providing this free service to the local community, to do that, we need to be able to continue to pay our current technician. Currently, we are also in desperate need to train another car seat technician. We only have one tech, who is very busy on our set car seat days and also travels to Turangi weekly to offer our service there - at present, Taupo Parents Centre pay for the travel but, unfortunately, it is becoming too costly, even though it is a hugely needed service in Turangi.

We desperately need to train a second technician, so our one

tech does not feel overwhelmed or experience burn-out, and just has someone to share the load with.

Below are our current yearly costs to keep Taupo Parents Centre running;

Overall yearly costs/budget for carseat service

Car Seat Administrator  
20 hours per month at \$23.15. Total \$463  
\$463 x 10 months = \$4630

Car Seat Technician (Taupo)  
Five hours per week at \$26. Total \$130  
\$130 x 48 weeks = \$6240

Car Seat Technician (Turangi)  
5.5 hours per week at \$26. Total \$143  
Travel 99.4km x 0.95 = \$94.43. Overall total \$237.34  
\$237.43 x 10 months = \$2374.30

Car Seat purchase  
\$6600

Car Seat Training Fee  
3 hours training per week x 48 weeks = \$3333.60  
Certification costs \$1629.10

**How many will benefit from your project/activity:** 100000

**Is your project/activity an event?**

No

**Who is involved in the project/activity?**

Taupo Parents Centre members. Our Car Seat Technician and administrator.

**How will this project/activity benefit the community and fit into Council's 2021-31 Long-term Plan Goals?**

Our car seat service prides itself on offering free installations and advice on the correct car seats to use and for the appropriate ages. We are saving lives by making sure our future generations are safely secured in their car seats, and also providing very important information on those car seats to parents/caregivers - which we believe is just as important. We also hire our carseats at a very cheap rate for those struggling to purchase brand new. We are making sure our tamariki are safe when in vehicles driven, not only around our community, but also around the country. It is a fundamental service that we really hope we can keep providing.

### Applicant Summary

Grant purpose or event name:	To support the Team's travel costs to compete at DanceNZmade Finals in Palmerston North.
Date the funds are required:	10/06/2024
Total cost of the project:	8611.00
Amount requested:	4004.00

### Funding Required

Briefly describe your project/activity that you are seeing funding for:

Following last few years' great success (\*as described at the end) in making it to the Nationals, our Hilltop School YR 8 Dance Team have set themselves a higher challenge to claim one of the national titles at DanceNZmade this year.

Since its inaugural event in 2009, DanceNZmade has grown into NZ's one and only nation-wide inter-school dance event where hundreds and thousands of Year 3 to Year 13 tamariki gather to express, discover, share and exchange their creativity and to express themselves regardless of their level of dancing skills and their backgrounds.

To further spread this positive and inclusive nature in our keen

dancing community, our other equally important mission is to make this annual event accessible to all if not to more tamariki by reducing the often attached financial burden. While receiving your support will open doors of opportunity for considerably many more participants, it will help our entire Team to better focus on their performance.

It is our tradition that our dance routine is to be choreographed, art directed and coached by our local collage student volunteer/s. This youth mentoring practice provides an excellent opportunity for the youth to further their boundaries and to gain new skillsets. The mentor will learn to become a highly multi-tasking individual and improve their communication skills. This practice helps nurture strong community-oriented mindset that benefits our wider community.

\*Relevant team was in top 2 at Taupō Regional competition 3 years in a row since 2011, making them qualified to compete at the Nationals level in Palmerston North. It is natural to regard that our sound past records contributed to put Taupō as one of the force to be reckoned with regions on NZ students' dance map. (Some team members have changed over the period.)

**How many will benefit from your project/activity:**

14

**Is your project/activity an event?**

Yes

**Event name:**

DanceNZmade (competition finals)

**Event start date:**

12/10/2024

**Who is involved in the project/activity?**

- 14 Hilltop YR 8 students including 9 members who don't belong to a dance school and not a regular dancer.
- 1 Voluntary local college student as our choreographer/art direct/coach.
- 3 Parents volunteers\*
- 1 Supervising Hilltop teacher (voluntary)

- Other parents/guardians of the Team members and teachers at times.

\* Out of the above 3 parent volunteers, two act as Team managers, while the third one is on funding application and bookkeeping duties.

Other parents/guardians/teachers will put their time in on none-regular bases.

**How will this project/activity benefit the community and fit into Council's 2021-31 Long-term Plan Goals?**

- Promotes the wellbeing of our tamariki/youths and our community as a result.

- Boosts challenging spirits in our tamariki/youths that prompts

- to develop a nurturing and caring circle of community.
- Further spreads community-minded nature of Taupō and strengthen ties between respective wider communities.
- Reduces financial restrictions to improve accessibility to a healthy activity in which young ones can learn to bond with one another in a team environment and/or express themselves in a safe environment.
- Coupled with our region's 'meet-in-the-middle' geographical advantage, our activity will inspire like-minded and be a trigger in attracting new major dance event or a like.

This is a positive reflection of the TAFC strategy to grow & develop the Taupo community Junior & Youth grades such that TAFC can participate in regional youth representative leagues. This application seeks to raise half (\$4,305.60) of the required amount (\$8,611.20), to pay for Playing Uniforms for the 3 Youth League teams that will represent our Taupo Club & community in their respective
---	---

WAIBOP regional Youth Leagues.

How many will benefit from your project/activity: 55

Is your project/activity an event?

No

Who is involved in the project/activity?

The 55 Youth Players will be involved in this project, along with Volunteer Coaches & Club Support Volunteers.

How will this project/activity benefit the community and fit into Council's 2021-31 Long-term Plan Goals?

Providing Uniforms to these Youth Players will provide our Club & Community the opportunity to participate in Regional Representative Competition. The opportunity of Taupo Youth representation aligns with the Council 10yr plan by way of providing Safe & Sustainable environments for our community youth to participate in sport & recreation. Providing a positive sporting environment to our community, participation can assist in the physical & mental well-being of our Taupo youth.

Grant purpose or event name:	School Liaison salary for Creative Carnival
Date the funds are required:	31/05/2024
Total cost of the project:	42225.00
Amount requested:	6000.00

### Funding Required

Briefly describe your project/activity that you are seeing funding for:

Lake Taupo Hospice runs an annual event to raise funds for the organisation and create awareness in all age groups in the Taupo community. With only 30% of our funding coming from the government we rely on our community to help raise the other 70% of our operational costs .

The need to engage a School Liaison Officer to assist in the communication and coordination of schools on behalf of Lake Taupo Hospice for this years Creative Carnival fundraising event, has been identified as an essential role in ensuring all school no matter geographical location are included.

Tasks will include the following:

1. Engaging with all regional schools
2. Develop plans and materials

3. Meet key contact
4. Communicate and support schools
5. Main records
6. Coordinate and support schools at event
7. Post event report
8. Post event debrief report

We aim to engage with primary, intermediate, and secondary schools in the Taupo District. Each school will be invited to run an Arcade of Artistry and/or Carnival Catwalk program that will result in the top entries from each age group being displayed at the Creative Carnival event located at the Great Lake Centre on the 30th & 31st August.

**How many will benefit from your project/activity:** 2500

**Is your project/activity an event?** Yes

**Event name:** Lake Taupo Hospice Creative Carnival

**Event start date:** 30/08/2024

**Who is involved in the project/activity?**

There are several people involved in the organisation of this event, from Lake Taupo Hospice team, who have been organising successful fundraising events for over 10yrs, to artists and fashion designers creating entries, volunteers and attendees.

School Liaison: This position will be filled by a contractor with a background in events and communication.

Local committee of volunteer creatives who will be assisting with organisation and creating connection and engagement with the creative community.

Participants: Youth, school students' year 1-13 and adults of all ages from central north island.

Attendees: Parents, Grandparents, siblings, whanau, supporters of the arts and Lake Taupo Hospice from our greater community.

**How will this project/activity benefit the community and fit into Council's 2021-31 Long-term Plan Goals?**

This all-inclusive event creates an opportunities for Year 1-13 students to experience being involved in a community-oriented project that provides enjoyment as well as a platform for them to contribute their ideas and skills. Throughout this process young people develop confidence, leadership abilities and a sense of responsibility. They also will be acquiring essential life skills such as teamwork, problem solving and communication, either working with their peers in the classroom environment or independently with other generations showcasing their interpretation of visual and wearable art with a circus theme.

With only 30% of Lake Taupo Hospice funding coming from the government we rely on our community to help raise the other

70% of our operational costs, proceeds received from this event less expenses will assist Lake Taupo Hospice in continuing to deliver 24/7 community based care to terminally ill patients and their families in Taupo, Mangakino, Turangi & Ruapehu at no cost.

<b>Date the funds are required:</b>	15/05/2024
<b>Total cost of the project:</b>	3606.92
<b>Amount requested:</b>	3606.92

### Funding Required

**Briefly describe your project/activity that you are seeing funding for:**

On behalf of the River Road community we would like to apply for an AED defibrillator as we are an isolated community of around 200 residents located 23 KM from Taupō. In the event of a major health emergency (this could include electrocution or drowning), it would take an ambulance at least 20 minutes to get here. The latest evidence shows that survival rate from cardiac arrest if defibrillated within 3-5 minutes after collapse can be 50-70%. Each minute of delay reduces the probability of survival by 10%.

We wish to place the lockbox/AED on the external wall of the community hall which is centrally located on River Road, for easy access to all our residents. This is very important for the

health and safety of our community.

Simon Adamson, a philanthropist and local resident of River Road, is prepared to cover any shortfall in the amount of funding that we may receive from this application.

How many will benefit from your project/activity: 200

Is your project/activity an event?

No

Who is involved in the project/activity?

A group of River Road residents, many of whom we hope will upgrade skills in CPR and use of an AED.

How will this project/activity benefit the community and fit into Council's 2021-31 Long-term Plan Goals?

The project will benefit the health and safety of our community - which is paramount - and will offer peace of mind to residents in the event of a health emergency. The ongoing activity involved with the AED will be the upskilling of as many residents as possible in CPR and use of an AED.

### Applicant Summary

Grant purpose or event name:	Community Governance Programme
Date the funds are required:	03/06/2024
Total cost of the project:	9000.00
Amount requested:	5000.00

### Funding Required

Briefly describe your project/activity that you are seeing funding for:

Community governance forms the bedrock of social cohesion and progress. However, many communities lack the necessary resources and guidance to establish effective governance structures. Our proposal aims to address this gap by launching a Community Governance Programme with a strong mentoring component. Through this initiative, we aspire to empower community groups to take ownership of their development and foster sustainable growth.

Objectives:

1. Provide mentorship to community leaders and members to enhance their capacity in governance and leadership.
2. Foster collaboration and networking among communities to share best practices and resources.

Programme Overview: The Community Governance Programme will consist of the following components:

1. Mentorship Programme: Pairing experienced mentors with community leaders and members to provide guidance, support, and skill-building in governance practices.
2. Capacity Building Workshops: Organizing workshops and training sessions covering topics such as decision-making, conflict resolution, financial management, and strategic planning.
3. Networking Events: Facilitating networking opportunities for communities to connect, share experiences, and learn from each other.

**Expected Outcomes:**

1. Strengthened governance structures within participating organisations.
2. Enhanced leadership skills and capacities among community members.
3. Increased collaboration and knowledge-sharing among participants.

By investing in community governance with a mentoring focus, we aim to empower community organisations to their impact in the community. Together, we can build resilient, inclusive, and prosperous communities for the future.

**How many will benefit from your project/activity:**

45

**Is your project/activity an event?**

No

**Who is involved in the project/activity?**

People involved in, or aspiring to, leadership positions in community organisations.

**How will this project/activity benefit the community and fit into Council's 2021-31 Long-term Plan Goals?**

TCOSS's activities all support the social wellbeing of the Taupō District which has a rich history of communities pulling together and providing community cohesion and social connection. We directly influence the Council goal:- "Our community is empowered to lead initiatives, build connections and increase participation."

Grant purpose or event name:	To improve both entranceways into Wairakei Village
Date the funds are required:	03/06/2024
Total cost of the project:	17700.00
Amount requested:	17700.00

### Funding Required

Briefly describe your project/activity that you are seeing funding for:	<p>Inviting entrances into Wairakei Village</p> <p>Grant application for the Taupo East Rural Community Grant Introduction</p> <p>In 2023 the Wairakei community expressed a desire for enhanced entranceways into the village, including getting rid of the roadside weeds and constructing nice signage with a landscaped surround. The community also expressed a desire to form safe pedestrian and cycle access onto Wairakei Drive and the cycle trail that runs from Aratiatia to Huka Falls.</p> <p>This application is for seed funding to scope the project (including community consultation) entrances to the village, including engineering and landscaping designs. The project will then be poised to take to the wider community to attract funding for the building phase. Please feel free to amend the</p>
---	---

scope of this project so that it better fits the funding requirements.

#### Background

Although the current signage does the job of telling people they have arrived in the village, it is aging and unimaginative and isn't reflective of the village's atmosphere and aspirations of today and into the future. We currently have a request into the council archives for some information about the origins of the current signage. A broad-brush values session held in the village in December last year identified possible values for the Wairakei Village as being a 'vibrant, safe and connected community' with a desire for work to be done on 'place making'. The current signage does not reflect any of these values.

#### Research

We also looked at other similar projects from around New Zealand. (suggest formatting as hyperlinks so they know to click on them).

In August 2023, Greening Taupō led a community planting session of the pine cutover area below the tennis courts.

Around 300 people attended and they were invited to express their desires for living in the village in a Wishing Well. Many people expressed their desire for tidying up the entranceways, creating better connections to nature, and creating pedestrian/cycling connections to the immediate surrounding area.

In September 2023, a community fun day was held, and people were invited to contribute to the pre planning for the Long Term Community Plan. Again, the themes are for tidying up the weeds, creating experiences with nature and creating connections to the cycle trails and to Wairakei Drive.

#### Goal

To create entranceways from SH1 and SH5 that reflect the vision and aspirations of the Wairakei Village and wider Wairakei Community, including the school and mana whenua.

#### Objective

To use seed funding to generate a concept design for each entranceway, and then to take these concepts to professional to create engineering and landscape designs.

Engineering and landscaping will include earthworks, foundations, lighting, signage plinths and signage, any artwork or interactive structures, planting, and importing landscaping materials.

Timing, tbc.

#### Strategy

Consult with the community about their vision for living in Wairakei Village. In consultation with Taupō District Council, scope the design. Invite anyone to come up with their own designs for new entranceways. Identify a local design partner to provide costed engineering designs.

#### Stakeholders and Partners

##### Stakeholders

- Wairakei School: BOT Chair, PTA Chair, Principal

- Mana whenua: Ngāti Tahu and Ngāti Whaoa
- Blue light
- Council

Possible Local Partners

- Contact Energy
- Unison
- Wairakei Resort
- Larva Glass
- Greening Taupo

Possible Local Design Partners and Facilitators

- To be explored.

Tactics

Talk to the stakeholders and partners listed above, and our community to discover aspirations and values, scope the design brief, and organise an entranceway design competition (for both entrances). Workshop the competition at an event held in the village. Advance the winning concepts to engineering design stage. Next steps, find funding to build the entranceways.

Media. Paid – paper flyers around the village to advertise consultation and competition. Earned – press release to local newspapers and radio to advertise the competition. Shared – share e flyer on various social media channels. Others – encourage stakeholders and partners to share e flyer and press release.

Action Description Action to support application

Information at Wairakei event • Develop collateral to provide information, including scope, ideas, art supplies, designer to support ideas Work through what is needed, who, costs Design brief • Set the scope of focus for the entrances • Need to work with someone to design a brief for public competition- Council contact?

Workshop • Facilitated workshop with designer present • Contact facilitator, designer (council contact for designer?)

Competition • Panel of judges to decide the design

- Need to be representative of community
- Prizes for best designs
- Collateral – posters, entry forms, location and process for lodging entries
- Advertisement -papers, social media, posters, pamphlets
- Open, transparent, inclusive • Need to talk to community leaders and work out process for deciding who should judge the competition
- Costs for collateral and advertising
- Prizes

Plan for what next • Fund raise for design and build, consents etc?

- Seek grant funding • Need process for design and build to ensure design/s come to fruition

Reporting

Awareness around achieving the goal can be reported on throughout the project. Suggested headline reporting: number of people who engaged with the process of creating values and aspirations, increase in awareness of the entranceway project, community reaction to the entranceway competition (both measured by tone of media).

Budget

The majority of the budget will be for the costs involved with paying for the engineering and landscape design arising from the entranceway design competition. There will also be costs involved with consulting with the community to discover aspirations and values.

Flyer design and printing - \$500

Community consultation – refreshments - \$500

Competition running costs - \$200

Competition prizes - \$1500

Engineering and landscaping designs for 2 x entranceways

\$15,000

Total \$17,700

Grant purpose or event name:	NZDA New Zealand Dance Awards in Christchurch.
Date the funds are required:	28/06/2024
Total cost of the project:	25000.00
Amount requested:	5000.00

### Funding Required

Briefly describe your project/activity that you are seeing funding for:

We are applying on behalf of our daughters who make up the intermediate team at the local studio Dance Central. We are applying for assistance to get their team to Christchurch to compete and represent their studio and Taupo in the NZDA - New Zealand Dance Awards Finals in Christchurch in July this year. The girls worked exceptionally hard and earned a place at the National event after competing regionally in Tauranga in February this year against Dance schools from all over the north island. The girls , aged 10-13 years will work amongst and compete against some of the finest dancers in NZ. This experience will help them develop and grow as dancers, athletes, individuals and as a team. They will benefit personally, but, as many of them are involved in the development of dance in their school communities, it will in

turn, enhance the experience of local tamariki sampling or training in the field of dance/performing arts.

**How many will benefit from your project/activity:** 100

**Is your project/activity an event?** Yes

**Event name:** NZDA Christchurch

**Event start date:** 11/07/2024

**Who is involved in the project/activity?** Winning regional dance teams/competitors from all over NZ.

**How will this project/activity benefit the community and fit into Council's 2021-31 Long-term Plan Goals?**

Primary aged children will benefit from this going forwards with the upskilling of the team and the imparting of their knowledge and skill set onto younger tamariki. Dance is an important part of the school and sports curriculum and fostering a love of this sport/artform can help young people enjoy their body movement, improve concentration/attention, encourage physical activity and fitness and provide an outlet for young people to express emotions.

Representing our town at National level puts Taupo on the NZ dance map, encouraging more people to bring competitions, productions, visitors to the area.

Involvement in Dance keeps many teenagers/young adults in the Taupo district, living, schooling, working, spending within and contributing to our community.

Providing/assisting with amazing opportunities such as competing at national level brings a new level of excitement, skill, enticement to the dance community here in Taupo.
